**S.R. 108 Environmental Impact Statement**  
(Midland Drive, 3500 West, 2000 West, Two-Mile Road)

Agency Scoping Meeting

August 3, 2006

The slide features a vertical strip of five small photographs on the left side, showing various views of roads and landscapes. A small logo with the text 'S.R. 108' is located in the bottom right corner.

**S.R. 108 EIS Study Area**

The map shows the study area for S.R. 108, with a red line indicating the route. The route starts in West Haven, goes south through Roy City, Clinton, West Point, and ends in Syracuse. The map includes a compass rose and labels for Weber County and Davis County. A small logo with the text 'S.R. 108' is located in the bottom right corner.

In Weber County, S.R. 108 is known as:  
Midland Drive  
3500 West

In Davis County, S.R. 108 is known as:  
2000 West  
Two-Mile Road

## Project Background

The area is transitioning from a rural and agricultural area to a suburban community, with each of the five cities anticipating build-out over the next 20 to 30 years.

The existing SR-108 is generally a two-lane road (one lane in each direction) with shoulders and pockets of added lanes at intersections, schools, and locations with set-backs for retail businesses and residences.

Current traffic volumes are approaching the capacity of a two-lane road and include a daily truck volume of around 14%. There is concern about congestion and safety as traffic grows at an annual rate of about 4%.

## S.R. 108 Team Organization

<b>Charles Mena</b> COUNTY REGION 1 District Manager 2007-2008-2009	<b>David Henry</b> COUNTY District Manager 2007-2008-2009-2010

## Section 6002 – SAFETEA-LU Participating Agencies

- Participating Agencies
  - May have an interest in the project
  - Provide input into the process
- Responsibilities
  - Provide early input to the purpose and need and alternatives
  - Identify any issues regarding environmental and socioeconomic impacts
  - Assist in developing impact analysis methodologies

## Participating Agencies

- Lead Agency Requirements
  - Develop a Coordination Plan
    - Reviewed by agencies
    - Sets time limits for reviews
- Anticipated Involvement
  - Review and provide input to purpose and need
  - Attend alternative development workshop
    - Alternatives to minimize impacts to historic structures
    - Project transit planning
    - Other input

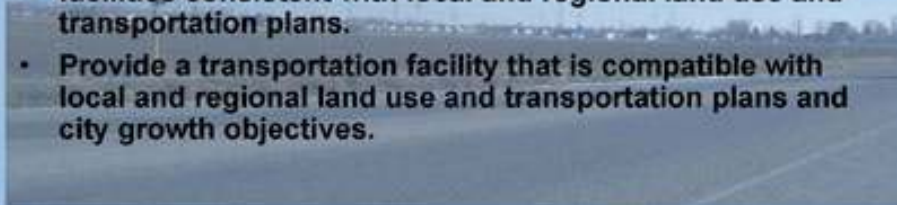

## Participating Agencies

- Upcoming Schedule
  - Purpose and need review in late August 2006
  - Alternative development in September–October 2006

## S.R. 108 Purpose and Need

- Improve local and regional mobility in Syracuse, West Point, Clinton, Roy, and West Haven by obtaining a level of service (LOS) of at least LOS D on S.R. 108.
- Eliminate safety and roadway deficiencies associated with lack of shoulders and turn lanes. These improvements should reduce accident rates on S.R. 108.
- Enhance the opportunities for multi-modal use of S.R. 108 by providing improved bicycle, pedestrian, and transit facilities consistent with local and regional land use and transportation plans.
- Provide a transportation facility that is compatible with local and regional land use and transportation plans and city growth objectives.

## Accident History on S.R. 108

- To be updated once we receive data

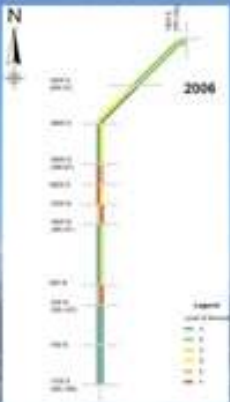

## S.R. 108 Traffic Analysis

The graphics below show the existing LOS through the SR-108 corridor and the projected LOS in 2035 if no improvements are made.

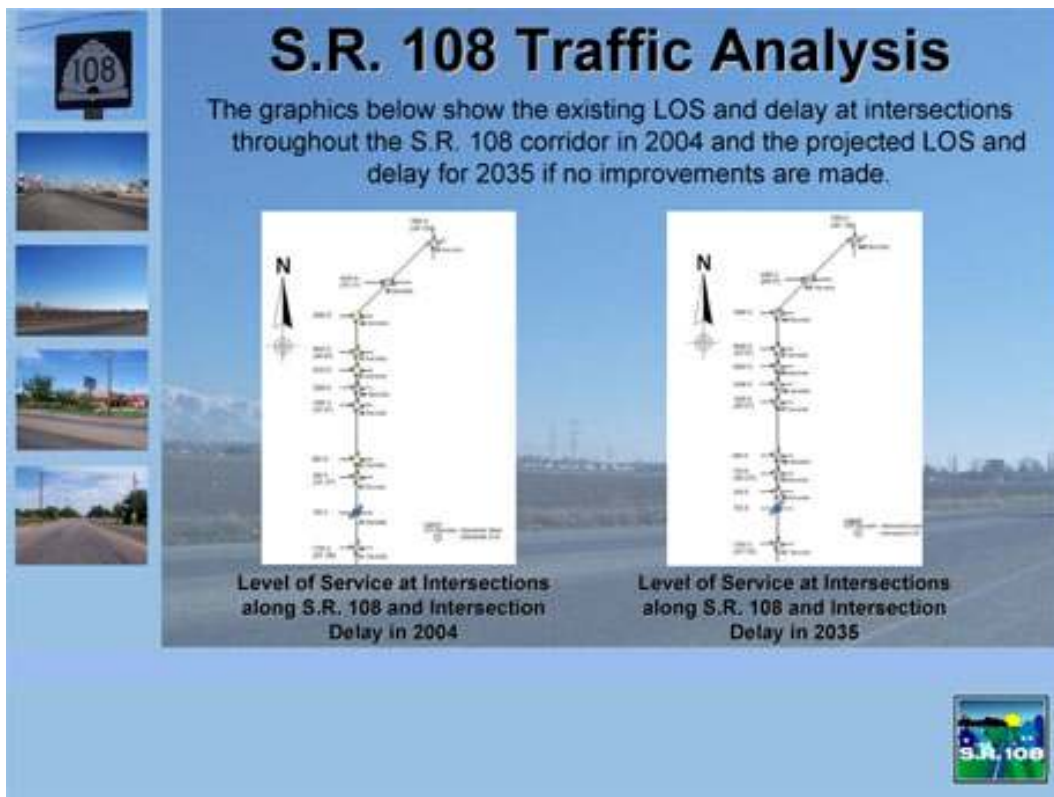

Level of Service along  
S.R. 108 in 2006

Projected Level of Service  
along S.R. 108 in 2035

## Existing and Future Transit

- Existing Transit
  - One UTA bus route
- Future Transit
  - High-frequency bus service (Phase II)
- Issues
  - Bus accommodation

## Alternatives

Alternatives that might be considered include:

- No action
- Use of alternate travel modes
- Access control and transportation demand management
- Widen to five lanes or the appropriate number of lanes to address travel demand needs

(Design variations for key intersections along the roadway will be incorporated into and studied with the various build alternatives.)

## Resource Issues

- Cultural Resources
- Section 4(f) Resources
- Community Impacts
- Air Quality
- Noise
- Farmlands
- Water Quality/Drainage

## Resource Issues

- Cultural Resources
  - Initial survey completed in June 2006
  - About 55 to 60 historic structures identified
  - No archaeological sites identified
- Section 4(f)
  - Develop alternatives to avoid or minimize harm to historic structures
  - Off-alignment alternatives

## Resource Issues

- Community Impacts
  - Five cities
  - Relocations
  - Quality of life
  - Alternative that enhances the communities
  - Environmental justice communities
- Air Quality
  - Intersection analysis
  - Hazardous air pollutants
- Noise
  - Noise walls
  - Community approval

## Resource Issues

- Farmlands
  - Agricultural Protection Areas
- Water Quality/Drainage
  - Coordination with cities
  - Reduce runoff

## Draft EIS Schedule

The NEPA process ensures that federal agencies consider the environmental consequences of their actions. The public participates in the process by helping to identify environmental issues during the scoping phase and by evaluating the impact analysis during the comment phase. The federal agency cannot take any action until the NEPA process is complete.

May - September 2006	June - November 2006	November 2006 - July 2007	August 2007 - April 2008
<b>SCOPING AND COMMUNITY IMPACT ASSESSMENT</b> <i>"How will we succeed? What are the issues?"</i>	<b>SCREEN PRELIMINARY ALTERNATIVES</b> <i>"What's currently in the area?"</i>	<b>DETAILED ANALYSIS OF DRAFT EIS ALTERNATIVES</b> <i>"What is the best solution?"</i>	<b>ACHIEVE REGIONAL CONSENSUS</b> <i>"Yes is the project we want!"</i>

## Environmental Impact Statement (EIS)

### Open House

4 - 7 p.m.

S.R. 108 Environmental Impact Statement

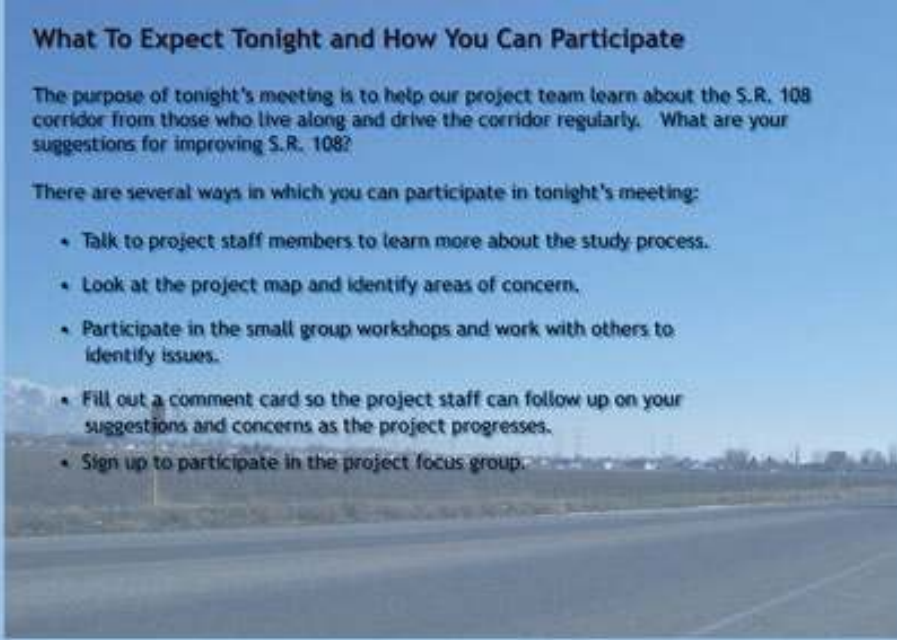

## What To Expect Tonight and How You Can Participate

The purpose of tonight's meeting is to help our project team learn about the S.R. 108 corridor from those who live along and drive the corridor regularly. What are your suggestions for improving S.R. 108?

There are several ways in which you can participate in tonight's meeting:

- Talk to project staff members to learn more about the study process.
- Look at the project map and identify areas of concern.
- Participate in the small group workshops and work with others to identify issues.
- Fill out a comment card so the project staff can follow up on your suggestions and concerns as the project progresses.
- Sign up to participate in the project focus group.

S.R. 108 Environmental Impact Statement

## What To Expect Tonight and How You Can Participate

The following stations are available to provide you with information regarding this project. Project staff are available to answer your questions.

- Station One — What is an EIS?
- Station Two — Where is the S.R. 108 project located?
- Station Three — What is the purpose of and need for this project?
- Station Four — What alternatives could meet the project need?
- Station Five — What is UDOT's property acquisition process?
- Station Six — What is the schedule for this project?
- Station Seven — How can the public participate?

S.R. 108 Environmental Impact Statement

## Station One – What is an EIS?

The National Environmental Policy Act (NEPA) requires an environmental review of all federally funded projects to see how they might affect the surrounding natural and human environments.

The S.R. 108 Environmental Impact Statement should meet the following goals:

- Establish a clear purpose and need.
- Evaluate all reasonable alternatives.
- Evaluate impacts to the human and natural environment.
- Invite public involvement.

S.R. 108 Environmental Impact Statement

## Station One – What is an EIS?

Experts in each of the resource areas below will study how proposed alternatives could affect that resource.

Resource Areas Considered

<ul style="list-style-type: none"> <li>Rare, Threatened, or Endangered Species</li> <li>Wildlife</li> <li>Invasive Species</li> <li>Water Pollution, Wetlands, Floodplains, Stream Encroachments</li> <li>Hazardous Waste</li> <li>Visual Resources</li> <li>Cultural/Paleontological Resources</li> <li>Air Quality</li> <li>Energy</li> <li>Section 4(f) and Section 6(f) Properties (Properties qualifying as historic or recreational properties or properties developed with Land and Water Conservation funds)</li> </ul>	<ul style="list-style-type: none"> <li>Natural Resources</li> <li>Noise</li> <li>Relocations</li> <li>Prime, Unique, Statewide, or Local Important Farmland</li> <li>Title VI and/or Environmental Justice</li> <li>Social/Economic Issues</li> <li>Right-of-Way</li> <li>Construction Impacts</li> <li>Land Use / Urban Policy</li> </ul>
---	--

S.R. 108 Environmental Impact Statement

## Station Two – Where is the S.R. 108 project located?

**In Weber County, S.R. 108 is known as:**  
Midland Drive  
3500 West

**Cities affected in Weber County:**  
West Haven  
Roy

**In Davis County, S.R. 108 is known as:**  
2000 West  
Two-Mile Road

**Cities affected in Davis County:**  
Clinton  
West Point  
Syracuse

S.R. 108 Environmental Impact Statement

### Station Three – What is the purpose of and need for this project?

The following reasons describe the preliminary need for the S.R. 108 project:

- Current roadway capacity does not always accommodate current demand.
- Not all areas have sidewalks.
- No bicycle lanes.
- Current roadway design doesn't meet safety standards.
- Roadway won't be able to accommodate future growth.

The following goals describe the preliminary purpose of the S.R. 108 project:

- To improve local and regional mobility in Syracuse, West Point, Clinton, Roy, and West Haven by adding capacity to S.R. 108 to meet future travel demand.
- To eliminate safety and roadway deficiencies associated with the lack of shoulders and turn lanes.
- To enhance the opportunities for multi-modal use of S.R. 108 by providing improved bicycle, pedestrian, and transit facilities consistent with local and regional adopted land use and transportation plans.

What are your thoughts about the purpose of the S.R. 108 improvements?  
(Please use post-it notes provided to tell us what you think.)

S.R. 108 Environmental Impact Statement

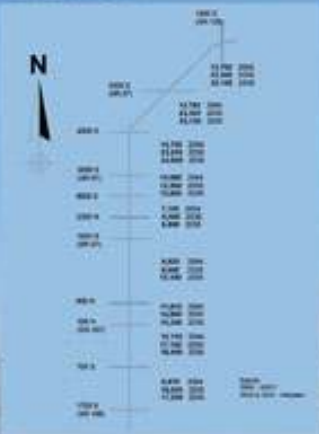

### Station Three – What is the purpose of and need for this project?

The following figures illustrate the need for the S.R. 108 project:

**Area Growth Trend**  
Projected new growth in the project area between 2001 and 2035.

**Traffic Growth Trend**  
S.R. 108 Average Annual Daily Traffic for 2004 and projected for 2030 and 2035 with no roadway improvements.

S.R. 108 Environmental Impact Statement

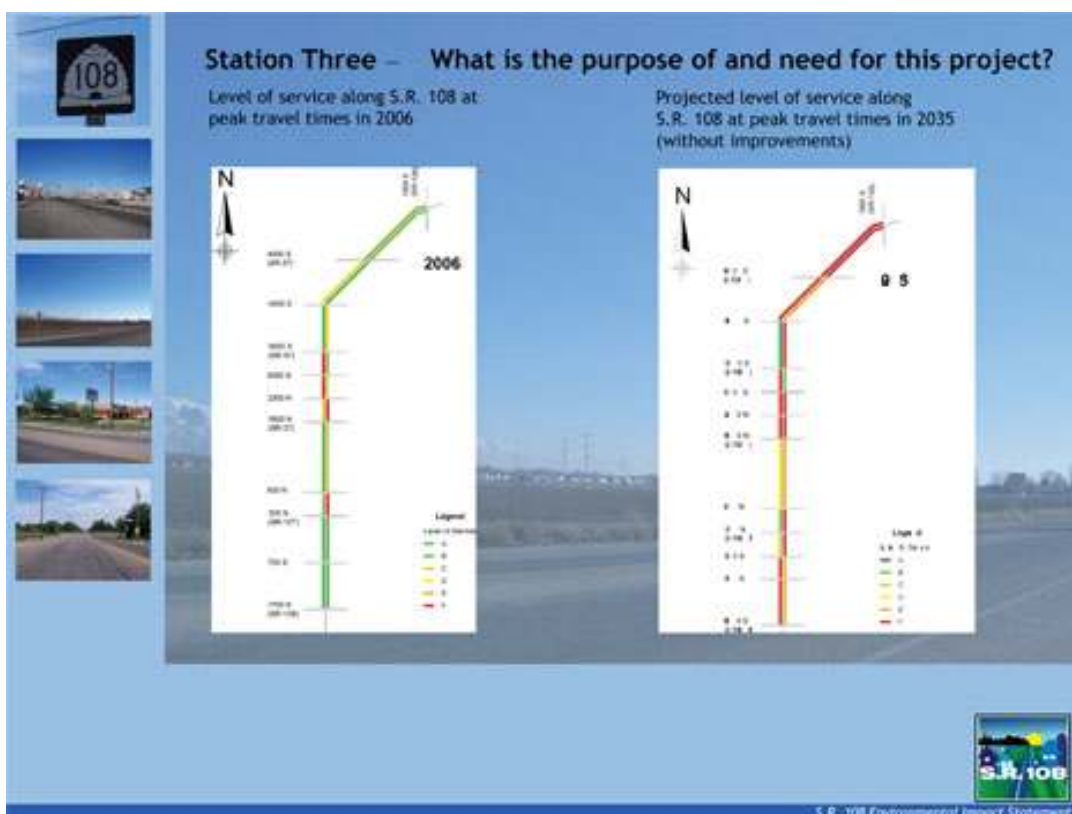

## Station Three – What is the purpose of and need for this project?

Level of service (LOS) assigns a letter grade to indicate how well traffic flows through along a roadway. The graphic below shows the typical definition of LOS.

	Free-flow operations at average travel speeds; vehicles are unimpeded in maneuvering within traffic stream.
	Relatively unimpeded at average travel speeds; only slightly restricted maneuvering within traffic stream.
	Relatively stable traffic operations; more restricted maneuvering at mid-block locations than LOS B; drivers may be required to sit through more than one cycle of the traffic signal.
	Small increases in traffic flow may cause substantial delay and decrease in travel speed; congestion and several cycles at traffic signals are more noticeable as vehicles stop.
	Poor travel speeds with slow progression and high delay; several cycles at traffic signals occur frequently.
	Extremely slow travel speeds with queues forming with restrictive flow; vehicles advance sporadically.

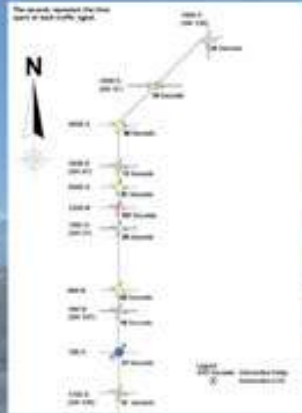

S.R. 108 Environmental Impact Statement

## Station Three – What is the purpose of and need for this project?

**2004 level of service and delays at S.R. 108 intersections during peak travel times**

**Projected 2035 level of service and delays at S.R. 108 intersections during peak travel times without improvements**

S.R. 108 Environmental Impact Statement

## Station Four – What alternatives could meet the project need?

What alternatives do you think should be considered?

Potential alternatives include the following:

1. Do nothing.
2. Improve shoulders and add turn lanes.
3. Widen S.R. 108 to five lanes (see the cross-section below).
4. Add more bus service.
5. Other suggestions? (Please use post-it notes provided and tell us what you think.)

**Typical five-lane cross-section for S.R. 108**

S.R. 108 Environmental Impact Statement

September 25, 2006

Scoping Summary Report Appendix

44

## Station Five – What is UDOT's property acquisition process?

It is likely that if S.R. 108 is improved, there may be a need for some property acquisitions or relocations. If a proposed improvement impacts a property and is within 15 feet of a home, the property will be evaluated for possible acquisition and occupant relocation. If a property acquisition is required, UDOT will follow the processes outlined below:

### Acquisition Process

1. An appraiser will examine the property.
2. The appraiser will determine fair market value for the property.
3. An acquisition agent will contact the property owner with an offer.
4. If relocation is required, a relocation agent will contact the property owner and assist with relocation activities.

### Determining Fair Market Value

UDOT is required to pay fair market value for a property. Several factors are taken into consideration when determining fair market value.

1. The value of neighboring homes
2. Improvements made to the home
3. The availability of a home of equal value and character
4. If a partial acquisition, the value and usefulness of the remaining property
5. Other individual factors as identified

UDOT will comply with Title VI of the Civil Rights Act of 1964 and the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 as amended (the Uniform Act) for property acquisitions.

S.R. 108 Environmental Impact Statement

## Station Six – What is the schedule for this project?

Summer 2006		Summer 2007		Summer 2008
Public Scoping	Data Collection and Analysis	Draft EIS Public Release	Final EIS Public Release	Record of Decision
Scoping Meeting August 3, 2006	Analysis Due Summer 2007	August 2007	February 2008	Distribution May 2008
Comments Due August 16, 2006	Draft EIS Prepared	Comments Due Within 45 Days	Comments Due Within 30 Days	Deciding Agencies Approve or Deny

The EIS is anticipated to be complete by Summer 2008. Following the EIS, construction planning can begin once funding is identified.

S.R. 108 Environmental Impact Statement

## Station Seven – How can the public participate?

Thank you for your participation here tonight. The project team is interested in your continued comments and suggestions regarding the S.R. 108 project as well as your thoughts regarding the nature of your community. Please use one of the methods below to provide additional comments:

- Fill out a comment card with your contact information and leave it in the box provided.
- Take a comment card home for yourself, friends, family, or neighbors to complete.
- E-mail comments to [ndonegan@langdongroupinc.com](mailto:ndonegan@langdongroupinc.com).
- Comment at [www.udot.utah.gov/sr108study](http://www.udot.utah.gov/sr108study).

Comments are requested by August 16th to be sure they are considered in the environmental review process. However, comments are always welcome. If you would like a response to your comment, please indicate that in your comment and a member of our project team will respond as soon as possible. Our project team can be reached at (801) 556-1796. However, formal comments should be sent in writing to ensure they are considered in the environmental review process.

S.R. 108 Environmental Impact Statement

## Station Seven – How can the public participate?

An important part of this project is understanding how proposed solutions will affect the neighboring communities. Help us understand your community as we can work to minimize impacts that might change the identity or nature of your community.

### What can you tell us about your community?

- What unique characteristics are in your community?
- What are important landmarks or community centers (parks, etc.) in your community?
- What important activities occur in your community such as sporting or community events?
- Do you feel safe in this neighborhood?
- What businesses are important to the community?
- How do you view the quality of life in your community?

### What can you tell us about the S.R. 108 project?

- Would the project have a positive or negative effect on your quality of life?
- Are there any elements such as viewpoints or trails that can be added to the S.R. 108 project that would enhance the character of your community?

Please fill out a community assessment survey or comment card and tell us what is unique about your community.

S.R. 108 Environmental Impact Statement

## Station Seven – How can the public participate?

**Would you like to participate in meeting workshops today?**

Every 30 minutes during today's open house, a member of the project team will lead a small group on a mock tour of the project area using the aerial maps provided. The team members will help the groups identify areas or issues of concern and brainstorm solutions to consider in the EIS. If you would like to participate, please sign up for a time slot on the large notepad provided. Space will be limited to help encourage an open dialogue.

**Would you like to participate in the project focus group in coming months?**

- The focus groups will meet three times throughout the project to discuss the project progression and to analyze the public involvement activities.
- Each month, focus group members will be asked to review public involvement reports to ensure that the public is being offered adequate opportunities to participate in the project.
- Focus group members will be asked to discuss their role in the focus groups with their friends and neighbors and encourage the public to participate in the environmental review process.
- If you are interested in participating in the focus groups, please note your interest on a comment card and a project team member will contact you.

## UDOT BEGINS ENVIRONMENTAL REVIEW OF S.R. 108

Whether it's known as Midland Drive, 3500 West, 2000 West, or Two-Mile Road, most people agree that S.R. 108 is a critical route through western Weber and Davis Counties. S.R. 108 links the cities of West Haven, Roy, Clinton, West Point, and Syracuse, and it provides a direct link into downtown Ogden. S.R. 108 provides essential commercial opportunities for the cities adjacent to it. However, like other areas in Utah, the cities along S.R. 108 have experienced tremendous growth. Most of the neighboring communities expect to be at capacity by the year 2035. The current alignment of S.R. 108 is unlikely to accommodate the anticipated increase in capacity. The map on the top right shows projected population increases in the project area through 2035. The map on the bottom right shows the current and projected annual average daily traffic through the project area.

Population Change 2001-2035

Source: Wasatch Front Regional Council from Census 2000, March 2003 demographic

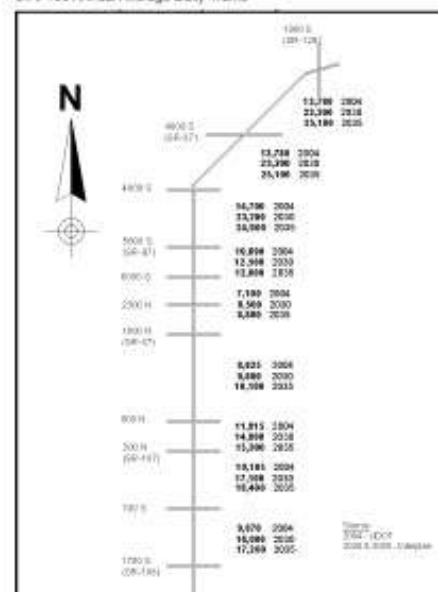

### Purpose of the S.R. 108 Project:

- To improve mobility in adjacent cities by adding capacity to meet future travel demand.
- To eliminate safety and roadway deficiencies associated with the lack of shoulders and turn lanes.
- To enhance the opportunities for improved bicycle, pedestrian, and transit facilities consistent with local and regional land use and transportation plans.

### Need for the S.R. 108 Project:

- Current roadway capacity does not accommodate current demand.
- Not all areas have sidewalks.
- No bicycle lanes.
- Current roadway design doesn't meet safety standards.
- Roadway won't accommodate future growth.

S.R. 108 Annual Average Daily Traffic

## THE NATIONAL ENVIRONMENTAL POLICY ACT

The National Environmental Policy Act (NEPA) requires an environmental review of all federally funded projects to see how they might affect the surrounding natural and human environments.

The S.R. 108 EIS should meet the following goals:

- Establish a clear purpose and need.
  - Why is this project needed?
  - What need will be addressed?
- Evaluate all reasonable alternatives.
  - Do nothing?
  - Improve turn lanes and shoulders?
  - Widen S.R. 108 to five lanes?
  - Add more bus service?
  - Others?
- Evaluate impacts to the human and natural environment.
- Invite public involvement.

Resource Areas Considered	
Rare, Threatened, or Endangered Species	Cultural/Paleontological Resources
Wildlife	Noise
Invasive Species	Land Use / Urban Policy
Water Pollution, Wetlands, Floodplains, Streams	Prime, Unique, Statewide, or Local Important Farmland
Air Quality	Title VI/Environmental Justice
Energy	Social/Economic Issues
Visual Resources	Construction Impacts
Hazardous Waste	Relocations
Section 4(f) and 6(f) Properties - (Historic or recreational properties or properties developed with Land and Water Conservation Funds)	Right-of-Way

## LEVEL OF SERVICE

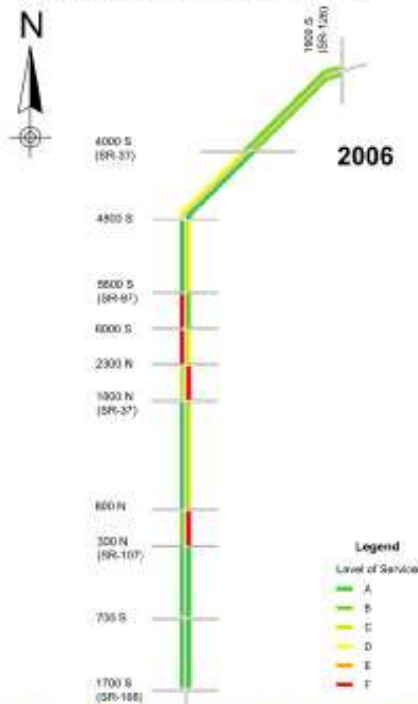

**Level of service (LOS)** assigns a letter grade to indicate how well traffic flows along a roadway. The graphic below shows the typical definition of LOS.

	Free-flow operations at average travel speeds; vehicles are unimpeded in maneuvering within traffic stream.
	Relatively unimpeded at average travel speeds; only slightly restricted maneuvering within traffic stream.
	Relatively stable traffic operations; more restricted maneuvering at mid-block locations than LOS B; drivers may be required to sit through more than one cycle at traffic signals.
	Small increases in traffic flow may cause substantial delay and decrease in travel speed; congestion and several cycles at traffic signals are more noticeable.
	Poor travel speeds with slow progression and high delay; several cycles at traffic signals occur frequently.
	Extremely slow travel speeds with queues forming with restrictive flow; vehicles advance sporadically.

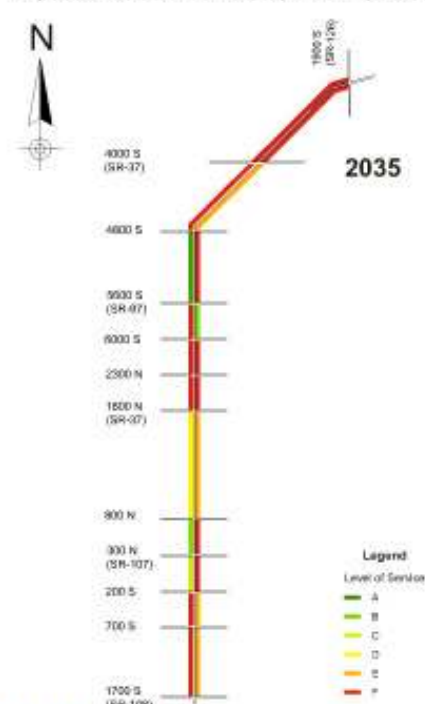

## LEVEL OF SERVICE ALONG S. R. 108

The figures below show the current level of service and the projected level of service in 2035 without improvement.

Current Level of Service at Peak Travel Times

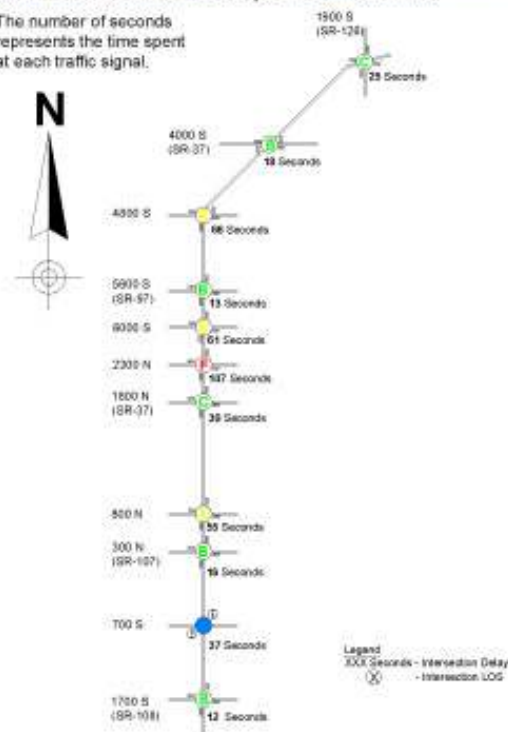

Projected Level of Service in 2035 (Without Improvements) at Peak Travel Times

## LEVEL OF SERVICE AT INTERSECTIONS ALONG S. R. 108

Current Level of Service and Delays at Peak Travel Times

The number of seconds represents the time spent at each traffic signal.

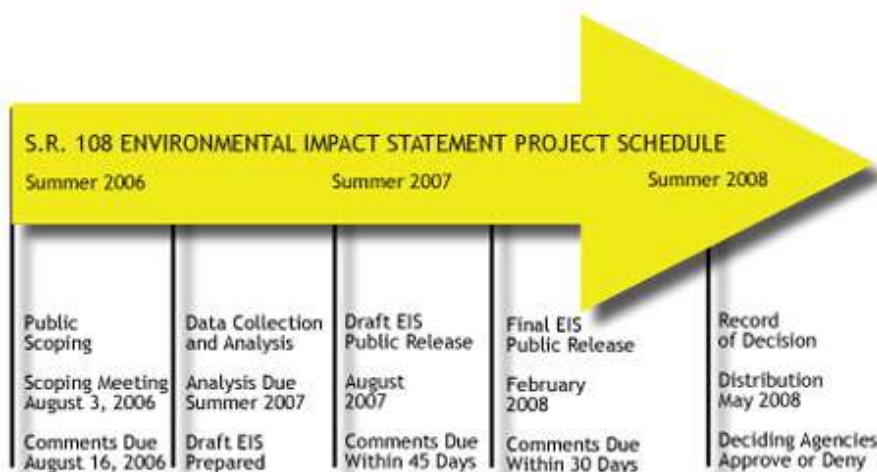

Level of Service and Delays in 2035 (Without Improvements) at Peak Travel Times

The number of seconds represents the time spent at each traffic signal.

**Would you like to participate in the project focus group in coming months?**

- The focus groups will meet three times throughout the project to discuss the project progression and to analyze the public involvement activities.
- Each month, focus group members will be asked to review public involvement reports to ensure the Public is being offered adequate opportunity to participate in the project.
- Focus group members will be asked to discuss their role in the focus groups with their friends and neighbors and encourage the public to participate in the environmental review process.
- If you are interested in participating in the focus groups, please contact Nicole Donegan at (801) 556-1796 or email [ndonegan@langdongroupinc.com](mailto:ndonegan@langdongroupinc.com).

*Comments are always welcome. Comments can be sent in writing to the address below or e-mailed to [ndonegan@langdongroupinc.com](mailto:ndonegan@langdongroupinc.com). Electronic forms and e-mail links are available on our website at [www.udot.utah.gov/sr108study](http://www.udot.utah.gov/sr108study).*

## Community Impact Survey

**S.R. 108  
Community  
Profile Survey**

Property Address: \_\_\_\_\_

1. How long have you lived in this community?    ☐ Less than 1 year    ☐ 1-3 years  
☐ 4-5 years    ☐ 5-10 years    ☐ 10-15 years    ☐ 15 yrs or more

2. What affected your decision to move to this community?  
☐ Born here    ☐ Small community    ☐ Rural community    ☐ Close to friends  
☐ Close to work    ☐ Close to family    ☐ Safe community    ☐ Cost of living  
☐ Church community    ☐ Recreational opportunities  
☐ Other? \_\_\_\_\_

3. Would changes to any of the characteristics noted above cause you to want to leave this community?  
☐ Yes    ☐ No    3b. Which ones? \_\_\_\_\_

4. Have any of the characteristics noted above changed since moving to this community?  
☐ Yes    ☐ No    4b. Which ones? \_\_\_\_\_

5. What characteristics tie this community together?  
☐ Knowing neighbors    ☐ Community events    ☐ Community leaders  
☐ School support    ☐ Church community    ☐ Community facilities  
☐ Other? \_\_\_\_\_

6. What community groups tie this community together?  
☐ Church    ☐ Rotary    ☐ Scouts    ☐ 4-H    ☐ Schools  
☐ Other? \_\_\_\_\_

7. Where do you do the majority of your household shopping?  
☐ Layton    ☐ Syracuse    ☐ West Point    ☐ Roy    ☐ West Haven  
☐ Ogden    ☐ Clinton    ☐ Salt Lake City    ☐ Other? \_\_\_\_\_  
7b. Do you travel along S.R. 108 to reach them?    ☐ Yes    ☐ No  
7c. Why or Why not? \_\_\_\_\_

8. Does this community have someone you consider a community leader? You may list several.  
\_\_\_\_\_

9. What community/public facilities do you regularly use?  
☐ Church    ☐ Park    ☐ Hospital/Medical Facilities    ☐ Post Office    ☐ Schools  
☐ Community Center    ☐ Other? \_\_\_\_\_

10. What community events/activities tie this community together? \_\_\_\_\_  
10b. Where are they held? \_\_\_\_\_

11. What do you like or dislike about this community? \_\_\_\_\_

12. What do you view as the top issue confronting this community:  
☐ Traffic    ☐ Growth    ☐ Crime    ☐ Lack of affordable housing    ☐ Other? \_\_\_\_\_

13. From 1-10, rate the factors that you feel are important to quality of life:

13a. ____ Overall feeling of safety	13f. ____ Sense of community
13b. ____ Overall appearance and cleanliness	13g. ____ Recreational opportunities
13c. ____ Condition of streets and roads	13h. ____ Affordability of housing
13d. ____ Air quality	13i. ____ Shopping opportunities
13e. ____ Quality of drinking water	13j. ____ Cultural opportunities

14. Do you feel safe in your neighborhood/community? ☐ Yes ☐ No  
Explain. \_\_\_\_\_
15. Are you familiar with the S.R. 108 (Midland Drive, 3500 West, 2000 West) project?  
☐ Yes ☐ No
16. Do you feel safe while driving on SR-108? Explain. ☐ Yes ☐ No  
Explain. \_\_\_\_\_
17. Do you feel that emergency responders are able to reach your neighborhood/community in a timely fashion? ☐ Yes ☐ No
18. Based on what you know about the project, would improvements to S.R.108 (Midland Drive, 3500 West, 2000 West) alter any of the characteristics that drew you to this community?  
☐ The community will not change  
☐ The community will change with or without improvements to the roadway  
☐ Improvements to the roadway will change the characteristics of the community  
18b. In what way? \_\_\_\_\_
19. Where do you work? \_\_\_\_\_  
19b. How long have you worked there? \_\_\_\_\_  
19c. How do you get to your job? \_\_\_\_\_
20. Do you rely on people outside of your home to provide childcare/elder care or to provide transportation to places such as the grocery, the doctor, your job, religious services, or other places?  
☐ Yes ☐ No  
If yes, how often:  
☐ Daily ☐ Once a week ☐ Once or twice a month ☐ Less than once a month
21. How long have you lived in your home? ☐ Less than 1 year ☐ 1-3 years  
☐ 4-5 years ☐ 5-10 years ☐ 10-15 years ☐ 15 yrs or more
22. Do you own your home or rent your home? ☐ Own ☐ Rent
23. How many people live in your household? ☐ 1 ☐ 2 ☐ 3-5 ☐ 6 or more
24. How many children under the age of 18 in your household? ☐ 1-2 ☐ 3-5 ☐ 6 or more
25. How many people in your household work outside the home? ☐ 1 ☐ 2 ☐ 3 ☐ 4 or more
26. What is the total household income in your home  
☐ Below \$10,000? ☐ \$10,000-\$20,000 ☐ \$20,000-30,000  
☐ \$30,000-50,000 ☐ \$50,000-100,000 ☐ Above \$100,000
27. Is anyone in your household classified as disabled? ☐ Yes ☐ No
28. Does anyone in your household receive income support or unemployment assistance? ☐ Yes ☐ No
29. Does anyone in your household receive retirement income? ☐ Yes ☐ No
30. Which of the following best describes this household's race?  
☐ White ☐ Bi-racial ☐ Hispanic ☐ Black ☐ Asian ☐ American Indian ☐ Other \_\_\_\_\_
31. What is your age?  
☐ under 25 years ☐ 25-34 years ☐ 35-44 years  
☐ 45-54 years ☐ 55-64 years ☐ over 65 years
32. Would you like to join us for a small group discussion? ☐ Yes ☐ No
33. If yes, what is the best way and time to reach you to notify you of meetings? \_\_\_\_\_
34. What did I forget to ask? \_\_\_\_\_

## Business Impact Survey

### BUSINESS PROFILE SURVEY FOR S.R. 108 IMPROVEMENTS

To help us create an accurate community profile, we ask that you fill out the survey below. This information will be used to help address any special needs during the highway design and construction for the S.R. 108 project. We want to hear from you.

1. Business Name \_\_\_\_\_
2. Business Address \_\_\_\_\_
3. Owner or Representative (optional) \_\_\_\_\_  
What is your role? \_\_\_\_\_
4. Telephone \_\_\_\_\_ 5. Type of business? \_\_\_\_\_
6. Would you consider your business a destination location or do you rely on drive-by customers?  
☐ Destination ☐ Driveby
7. How long has this business been at this location? \_\_\_\_\_
8. What affected your decision to locate here? \_\_\_\_\_
9. Do you also live in this neighborhood? ☐ Yes ☐ No
10. Do you feel this business is safe at this location? ☐ Yes ☐ Usually ☐ No  
10a. If usually or no, why not? \_\_\_\_\_
11. What do you like or dislike about this location? \_\_\_\_\_  
\_\_\_\_\_
12. What percentage (roughly) of your customers are from this neighborhood? \_\_\_\_\_
13. How many employees do you have? \_\_\_\_\_ 13a. How many live in this neighborhood? \_\_\_\_\_
14. Do you own this property, rent it, or lease it? ☐ Own ☐ Rent ☐ Lease
15. Does your business have good access by customers and suppliers? ☐ Yes ☐ No
16. Are you familiar with the S.R. 108 Project? ☐ Yes ☐ No
17. How do you think the S.R. 108 Project will affect your business? \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_
18. Are there any special concerns you would like us to consider regarding your business if the S.R. 108 project goes forward into construction? \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Thank you for your response. To return the survey please put it in the enclosed stamped envelope. Please contact me if you have any questions, would like to discuss the project further, or would like to receive the project newsletter.
